To whom it may concern:

It is my pleasure to recommend Carmen Segrera and her company C.S. Orchids, Inc. She has provided exceptional service to our hotel and is a kind and friendly person to our staff and guest. She ensures that all of our plants throughout the lobby and within our Suites are 100% fresh and maintain their beauty until her next visit. She is truly a talented worker and I highly recommend that bring her aboard to assist in any floral or landscaping needs.
